

Employee Handbook: Remote Work Policy

1. Eligibility

- Employees must complete a 90-day onboarding period before requesting remote status.
- Remote eligibility is determined by role type, not tenure alone.
- Engineering, Design, and Product roles are remote-eligible by default.
- Customer-facing Support roles require manager approval for remote status.

2. Core Hours

- All employees must be available between 11:00 AM and 2:00 PM in their local time zone.
- Meetings should not be scheduled outside core hours without 48 hours notice.
- Teams spanning more than 4 time zones should default to asynchronous updates.

3. Equipment and Reimbursement

- The company provides a one-time \$500 home office setup stipend.
- Monthly internet reimbursement is capped at \$50.
- Equipment requests above \$500 require director-level approval.

4. Performance Expectations

- Remote employees are held to the same performance standards as in-office staff.
- Managers must conduct monthly 1:1 check-ins with all remote reports.
- Quarterly OKRs apply uniformly regardless of work location.

5. Policy Review

This policy is reviewed annually by the People Operations team. Employees may submit feedback through the internal HR portal at any time.
